

Long-lasting clean

Our comprehensive approach

Clean and disinfect

- Treat all hard, non-porous surfaces with FRESCH™ as directed on the label
- On EPA's list of disinfectants for use against SARS-CoV-2, the virus that causes COVID-19
- Powerful botanical ingredients
- Dries in 10 minutes, no wiping required, leaves no residue

Use FRESCH™ as directed by instructions on the label.

Stay clean

- Long-lasting active cleaning
- Treat all surfaces with PREVNT™ using an easy spray application
- No wiping required, no residue
- Dries in approximately 10 minutes
- Limited disruption

Use PREVNT™ as directed by instructions on the label.

Validate the clean

- Advanced technology measures number of microbes
- Get results instantly, before and after application
- Enables a data-driven custom cleaning program

A cleaner, safer world

www.purteq.com

We harness the power of nature to create innovative, effective, and non-toxic cleaning and disinfecting products. And, we test the before and after results with our cleaning validation service.

"At PURTEQ®, we believe clean is not an activity. It is an action that must be delivered 24/7. We deliver an active clean, a clean that keeps cleaning."

Kyle Bettilyon, Founder

FRESCH™ is an EPA-registered (34810-25-96548), List N disinfectant.

- On EPA's list of disinfectants for use against SARS-CoV-2, the virus that causes COVID-19.
- Kills 99.99% of bacteria and viruses.
- One Step, Triple Action: cleans, disinfects, and deodorizes.
- Botanically derived (plant-based) active ingredients.
- No harsh chemicals. Non-corrosive. Non-irritating. No fumes. Bleach and ammonia free.
- Safe for use around children, pets and food contact surfaces.

PREVNT™ is a revolutionary active-barrier cleaner that continually cleans for up to 90 days between regular disinfecting.

- PREVNT™ enhances the effectiveness of our EPA-registered disinfectant FRESCH™ by applying an active-barrier cleaner.
- Titanium dioxide (TiO2) nanotechnology is an active, naturally occurring oxide and is the key ingredient in PREVNT™.
- Water-based formula, transparent and designed for a wide variety of everyday surfaces.

NSPECT™ is a technology-driven service that makes the invisible, visible - enabling building owners and managers to test, monitor, and validate cleanliness in ways not visible to the naked eye.

- Get more than just a clean look, be confident about cleanliness with regular testing of surface contaminant levels.
- NSPECT™ provides a historical record of testing results which can be used to modify cleaning regimens and meet specific cleaning objectives.
- We have partnered with Hygiena®, a world-leading manufacturer of reliable, cutting-edge Luminometer testing equipment.
