

RENEW BIOMEDICAL

“Get Your Equipment ReNew’d today”

We have great news!

Renew Biomedical Services has partnered with Master Medical Equipment to provide a convenient, cost-effective alternative to high-priced OEM biomedical equipment services.

By Partnering with ReNew Biomedical, you get:

- Certified medical equipment fully tested and inspected per manufacturer guidelines.
- Preventative equipment maintenance which reduces replacement costs.
- Documentation that satisfies regulatory reporting requirements.
- Personnel support for your sta, reducing labor and training costs.
- Access to our full parts inventory.
- 1 year warranty on all Equipment Repairs with Loaner Program, guaranteeing no down time.

Our Biomed Manager is a US Army Veteran, trained and certified by the Department of Defense.

We Service:

- Defibrillators
 - Pumps
 - Vital Sign Monitors
 - EKGs
 - Vents
 - Electrosurgical Units
- and more**
