CMS GROUND AMBULANCE COST DATA

COST COLLECTION IS HERE!

IS YOUR ORGANIZATION READY?

The last time the CMS reimbursement model was updated was over 20 years ago. EMS agencies that fail to report their cost data to CMS will have a 10% reduction in their reimbursement from CMS for a period of one year.

But that's not the full picture. Inaccurate cost data may set Medicare payment policy for *decades* to come.

**REQUEST YOUR FREE COST
COLLECTION SOFTWARE AT
WWW.SAVVIK.COM/COSTCOLLECTION**

Year 1 and Year 2 selected services must report their 12 month cost data information no later than May 31st, 2023.

SEE HOW MUCH YOU CAN SAVE

Savvik is a nonprofit on a mission to save you money. It's free to join, free to use, and has no obligation. Through our group purchasing and public bid process, we have been helping public safety organizations save for 25 years.

Save Time

Savvik has dozens of publicly bid contracts on the supplies, equipment, and services your organization trusts.

Save Money

We use our buying power to negotiate the lowest prices for your organization.

Give Back

Savvik gives a portion of our proceeds back to the industry through our Association partners. Purchases you make with Savvik help support NDEMSA!

ABOUT SAVVIK

Savvik Buying Group is a Minnesota based non-profit organization. Savvik membership is available FREE to public safety agencies both public and private, hospitals, schools, government agencies, and related agencies nationwide. We also offer membership to active first responders. Savvik has the simple goal of providing the equipment and supplies our members need at the industry's best prices.

FREE COST COLLECTION SOFTWARE

The Savvik Foundation has sponsored a grant to offer free cost data collection software for any agencies struggling with their cost data reporting.

The AMBER software is a free tool for organizations in both EMS and Fire that run medical transports to track and document their Cost Data information for the Centers for Medicare and Medicaid Services.

This documentation will directly affect your organization's funding from CMS. If your organization is struggling with cost data collection, reach out to Savvik. We can help.
